- Research Synthesis
- Workflow & Task Analysis
- Information Architecture
- User Flows & Wireframing
- Interactive Prototyping
- Responsive Web & Mobile UI
- UI Components & Design Systems
- Figma & Adobe Creative Cloud
- HTML, CSS, JavaScript & React
- Developer Handoff & Collaboration

Professional Experience

Freelance Social Media Manager | Doumo, South Korea **2023–Present**

- Manage Instagram content and brand communication for a restaurant, maintaining clear and consistent digital messaging.

UI/UX Designer, Client Project | Aperture Coffee Bar, Vancouver, BC **Jul 2025–Mar 2026**

- Worked with a real client and project team to reorganize café menus, event details, and jazz programming into a responsive website experience.
- Produced wireframes and visual direction, presented design rationale, and refined navigation and ticket-information paths using client feedback.

UI/UX & Visual Design Intern | Savvy Search Marketing, Vancouver, BC **Sep–Nov 2025**

- Designed web UI layouts, digital assets, and branding materials; used research and user feedback to improve clarity and usability.
- Created reusable interface components, icon sets, and consistent visual patterns for efficient design production.
- Prepared high-fidelity mockups, Figma prototypes, and developer handoff assets while working with designers, marketers, and developers.

Freelance Product & Marketing Manager | K-IPSE, South Korea **2023**

- Translated client and stakeholder requirements into Figma prototypes and mobile-first front-end pages aligned with business goals.
- Coordinated packaging, branding, and website materials across stakeholders to maintain a cohesive customer experience.

English Teacher | JLS Academy, South Korea **2022–2023**

- Facilitated lessons for diverse age groups and adapted activities and communication to learners' needs and feedback.

Selected UX Projects

Condo Connect | Resident amenity booking | UX research and design

- Interviewed residents about booking challenges, mapped core tasks, and developed wireframes and an interactive discover-to-book-to-confirm prototype; used usability feedback to refine flows.

Find My Park | Context-aware mobile park discovery

- Designed a mobile experience that helps users find Vancouver parks by location, mood, and activity needs; prototyped contextual prompts, filters, and recommendations in Figma.

PowerPause | Home energy management concept

- Simplified device controls and energy feedback through clear interaction patterns, remote toggles, and rewards-oriented UI prototypes.

Volunteer Experience

Church Orchestra Volunteer & Worship Team Coordinator | Vancouver Church **2009-2022**

- Coordinated worship team activities, led performances, and supported Sunday school teaching and weekly youth programs.

Receptionist & Korean–English Support | S.U.C.C.E.S.S., Vancouver, BC **2014**

- Supported client inquiries and helped newcomers access services through bilingual communication and resource guidance.

Care Assistant | Celebration & Rainbow Manor **2012–2013**

- Supported individuals with physical and developmental disabilities in daily activities and care routines.

Missionary Volunteer I Dar Es Salaam Church, Tanzania **2012**

- Provided food, basic care, and educational support to children while organizing community activities for underserved families.

Education

Diploma in New Media Design & Web Development | British Columbia Institute of Technology **2024–2025**

Certificate in UI/UX Design | Zerobase School, South Korea **2023**

Nursing (incomplete) | Stenberg College **2017–2019**

Languages

Fluent in English and Korean
